MEMORANDUM

Prospects for Terrorist Acts Against US Space Shuttle and Shuttle Carrier During Proposed European Tour

CIA generally concurs in the threat assessment prepared by the Department of State and the Air Force, including the judgment that the likelihood of a terrorist incident is low. The assessment was concurred in by EURA, SOVA, OSWR, OGI in the DDI and IAD and EUR in the DDO. DDI/NESA deferred to OGI's judgment.

OGI's Terrorism Branch offers the following comments:
